

## Unit 869 - Apply Prosthetic Pieces and Bald Caps

Unit Accreditation Number: M/601/9432

Learning Outcome	Assessment Criteria
1. Be able to prepare for the application of small prosthetic pieces and bald caps	<ul style="list-style-type: none"><li>1.1 Agree the design brief requirements</li><li>1.2 Prepare the skin and hair for prosthetic application</li><li>1.3 Perform skin tests and take action in the event of adverse reaction</li><li>1.4 Check for known skin allergies and compatibility of cosmetic ingredients and adhesives</li><li>1.5 Position the performer correctly to achieve desired effects and minimise discomfort</li><li>1.6 Communicate professionally and explain the application stages to the performer</li></ul>
2. Be able to apply small prosthetic pieces and bald caps	<ul style="list-style-type: none"><li>2.1 Apply adhesives using correct application to ensure durability and mobility</li><li>2.2 Select the appropriate block release agents, sealers and adhesive removers</li><li>2.3 Apply prosthetics to meet design briefs</li><li>2.4 Apply the correct make-up to the prosthetic to meet the design brief</li><li>2.5 Apply prosthetics to meet the requirements of the production schedule</li><li>2.6 Apply and remove prosthetics using techniques to minimise discomfort to the performer</li></ul>
3. Be able to maintain records, store and clean prosthetics and equipment	<ul style="list-style-type: none"><li>3.1 Store prosthetics correctly</li><li>3.2 Maintain records of the formula, procedure and process for future replication</li><li>3.3 Use appropriate materials and techniques to clean tools and equipment</li></ul>
4. Understand the requirements of a design brief	<ul style="list-style-type: none"><li>4.1 Identify the features and characteristics of the required prosthetics for the performers' roles</li><li>4.2 Describe the importance of time management and working within a budget</li></ul>
5. Understand procedures for safe application and removal of prosthetics	<ul style="list-style-type: none"><li>5.1 Explain safe and hygienic working practices</li><li>5.2 Describe possible adverse skin reactions to products and cosmetic ingredients</li><li>5.3 Explain the known contraindications that can prevent or restrict the application of prosthetics</li><li>5.4 Describe the appropriate action to take in the event of adverse skin reaction</li><li>5.5 Describe the importance of safe storage of chemicals, solvents and flammable materials</li></ul>

	5.6 Describe the importance of the correct disposal of materials used in the application and removal of prosthetics
	A minimum of 4 practical performances
Assessment method:	Portfolio of Evidence: <input type="checkbox"/> Internal Practical Assessment: <input type="checkbox"/>
