#### **4. Assessment of the Qualification**

The ITEC Level 3 Certificate in Infant and Child Massage will be internally and externally assessed using a variety of assessment methods as set out in Table 1 above

Once you have completed all the specified assessments for the qualification and your Lecturer has awarded a Pass mark for all the evidence you have submitted, you will have a Final External Practical Examination carried out by an ITEC Examiner, who will also verify a sample of all the evidence you have completed during your training to ensure it meets the ITEC standard

### **Practical Examination Sequence**

Once all aspects of the mandatory unit have been completed, you will complete a Final Internal Practical Assessment. This will be observed by your Lecturer using the ITEC Internal Assessment Forms. The results will be reviewed by the ITEC External Examiner on the day of your Final External Practical Examination

- a. You will perform the following treatments in sequence for your Internal and External Practical Examination:
- b. Practical Skills examination sequence - Approximately 30 minutes
  - Consultation to be carried out prior to the exam
  - Infant/child should be on the couch/mat ready for the exam
  - Examiner will see a 10-20 minute treatment demonstrated in whatever order you have been taught
- c. You will be asked oral questions during the Final Practical Examination
- d. You will need to complete a Consultation Form for your client for the unit of the ITEC External Examination. This should be reviewed and completed at the end of the treatment and will be taken away by the Examiner
- e. You will need to demonstrate excellent hygiene and client care throughout your examination as well as competence in all your skills
- f. The ITEC Examiner may reduce the treatment timings, as the examination is a demonstration of your professionalism and your accomplished skills

### **Multiple-choice Tests**

Each question is formatted in the same way:

- 1 stem (the question)
- 1 key (the correct answer)
- 3 distractors (incorrect answers)
- You must indicate the answer you believe is correct by placing a mark in the appropriate box on your answer sheet

Multiple-choice tests are used for unit 57 - online testing of all relevant units is also available

### **Treatment Evidence/Case Studies**

You are required to provide evidence of treatments that you have performed on clients during your training under the supervision of your Lecturer who will monitor the quality of your treatments in order to ensure that they meet the ITEC criteria

- The criteria are detailed on the Treatment Evidence Guidance Forms. They are graded Pass or Refer
- You will need to complete a Client Consultation Form as evidence that you performed the required number of treatments during your training (see Table 1) as they form part of your internal assessment for the qualification. They can be stored in your ITEC E-portfolio
