VTCT

VTCT is a UK Government-approved awarding organisation which has awarded world class qualifications since 1962. Through our strategic approach to sectors we support, we aim to advance education, research and the public dissemination of knowledge, by helping to introduce new initiatives into the education system, to improve the employability and career prospects of learners.

More than 1000 approved centres now work with VTCT, and the ever-expanding list extends across the UK, Ireland, and internationally. We acquired the internationally recognised awarding organisation and examination board ITEC in 2016, adding to our footprint. We also acquired education technology specialists Digital Assess in the same year, adding value for training providers with technology that can digitally capture and assess learners online, amongst other innovations.

iTEC was founded by Dr W.E. Arnould-Taylor who in 1947 was a distinguished physiologist who became a Fellow of the Royal Society of Medicine. Both Dr Arnould-Taylor and Wallace Sharps the founder of VTCT, devoted their lives to developing the standing of the industry and the furtherance of education in the sector. Today iTEC has a close working relationship with over 650 centres worldwide including Europe, South Africa, Asia Pacific and the USA.

VTCT is a registered charity investing in education and skills but also giving to good causes in the area of facial disfigurement.

Evidence requirements

1. **Environment**
Evidence for this unit may be gathered within the workplace or realistic working environment (RWE).
2. **Simulation**
Simulation is not allowed in this unit.
3. **Observation outcomes**
Competent performance of Observation outcomes must be demonstrated on **at least two occasions**. Assessor observations, witness testimonies and products of work are likely to be the most appropriate sources of performance evidence. Professional discussion may be used as supplementary evidence for those criteria that do not naturally occur.

Assessed observations should not be carried out on the same day for the same learning outcome. There should be sufficient time between assessments for reflection and personal development.

You need to meet the same standard on a regular and consistent basis. Separating the assessments by a period of at least two weeks is recommended as competence must be demonstrated on a consistent and regular basis.

4. Knowledge outcomes

There must be evidence that you possess all the knowledge and understanding listed in the Knowledge section of this unit. In most cases this can be done by professional discussion and/or oral questioning. Other methods, such as projects, assignments and/or reflective accounts may also be used.

5. Tutor/Assessor guidance

Your tutor **must** refer to the '**Skills CFA Assessment Strategy**' when delivering this unit. This can be found on www.vtct.org.uk under the relevant qualification page.

You will be guided by your tutor/assessor on how to achieve learning outcomes in this unit. All outcomes must be achieved.

For guidance on the assessment material for some individual units please refer to the '**Assessment Guidance**'. This can be found on www.vtct.org.uk under the relevant qualification page.

6. External paper

There is no external paper requirement for this unit.

Achieving observations

Achieving observation outcomes

Your assessor will observe your performance of practical tasks. The minimum number of competent observations required is indicated in the Evidence requirements section of this unit.

Criteria may not always naturally occur during a practical observation. In such instances you will be asked questions to demonstrate your competence in this area. Your assessor will document the criteria that have been achieved through professional discussion and/or oral questioning. This evidence will be recorded by your assessor in written form or by other appropriate means.

Your assessor will sign off a learning outcome when all criteria have been competently achieved.
