

Scheme of work

For each VTCT (ITEC) qualification, the lecturer/centre must complete a scheme of work for each unit indicating how the Lecturer is planning to cover the unit content throughout the course. Set out the planned sessions in terms of learning outcomes to be achieved. These should match those stated within the VTCT (ITEC) unit specification. Include all units of each course offered. Hours should meet the minimum guided learning hours listed within the unit specification.

Unit title: iUBT380 - Instruction on make-up application

Total contact tuition hours proposed: 34

Lecturer(s) responsible:

Learning objectives	Lecture content	Suggested resources	Approx. hours
Introductory session	<ul style="list-style-type: none"> College rules and regulations College mission statement ITEC rules and regulations Health & Safety Timetable Dates – holidays etc. Syllabus Recommended books Uniform 	<ul style="list-style-type: none"> Lecture Q&A Using all the documents listed to ensure the students understand the college expectations and their commitment to the course 	
1. Be able to prepare for make-up instruction			
Prepare themselves, client and work area for make-up treatment	<ul style="list-style-type: none"> Preparation of working area Equipment Products Work wear Personal appearance and behaviour Hygiene e.g. sterilising/sanitising tools and equipment Procedures used to prepare client for treatment Client care and modesty 	<ul style="list-style-type: none"> OHP/Whiteboard Lecture Q&A Homework Test An example of a consultation form can be 	10

<p>Use suitable consultation techniques to identify treatment objectives</p>	<ul style="list-style-type: none"> • Consulting in a suitable area • Positive body language • Positioning of the client • Good communication skills (asking open and/or closed questions where appropriate) • Professionalism • Contra-indications and contra-actions • Treatment plan • Make up chart • Products used • Consent • Confidentiality • Client's signature 	<p>downloaded from: www.itecworld.co.uk</p>	
<p>Provide clear recommendations to the client</p>	<ul style="list-style-type: none"> • The outcome of the consultation • Occupation • Lifestyle • Current regime and products used • Client needs • Make-up specification 		
<p>Select products and tools to suit client treatment needs, skin types and conditions</p>	<ul style="list-style-type: none"> • Couch or chair • Trolley • Stool • Towels • Additional support if appropriate • Headband • Bedroll • Clothing protection • Disinfecting fluid • Magnifying lamp • Tissues • Cotton wool • Sponges • Gloves • Spatulas • Bowls • Cosmetic sponges • Make-up brushes • Disposable applicators • Make-up palette 		

	<ul style="list-style-type: none"> • Mirror • Sterilising solution • Brush cleanser • UV cabinet • Waste disposal • Colour charts • Instructional product guides/leaflets • Instructional diagrams • Products used when instructing clients in skin care and make-up application: <ul style="list-style-type: none"> - Skincare - Day make-up - Evening make-up - Special occasion make-up - Corrective make-up 		
Describe workplace requirements for preparing themselves, the client and work area	<ul style="list-style-type: none"> • Any particular rights, restrictions and acts applicable to make-up treatments • Code of practice/ethics • Insurance and professional association membership • Record keeping • Professional appearance 		
State the environmental conditions suitable for make-up treatments	<ul style="list-style-type: none"> • Lighting • Heating • Ventilation • Noise levels • Available space • Music • General hygiene • Waste disposal • Décor • Equipment • Privacy • Reception areas • General use/treatment areas 		
Describe different consultation techniques used to identify treatment objectives	<ul style="list-style-type: none"> • The importance of positive body language • Positioning of themselves and client (no barriers) • Good communication skills (asking open and/or closed questions where appropriate) • Verbal and non-verbal communication 		
Describe how to select products, tools and	<ul style="list-style-type: none"> • The importance of selecting the correct products, tools and equipment based upon client consultation, client needs and make-up instruction specification 		

<p>equipment to suit client treatment needs, skin types and conditions</p>	<ul style="list-style-type: none"> • Couch or chair • Trolley • Stool • Towels • Additional support if appropriate • Headband • Bedroll • Clothing protection • Disinfecting fluid • Magnifying lamp • Tissues • Cotton wool • Sponges • Gloves • Spatulas • Bowls • Cosmetic sponges • Make-up brushes • Disposable applicators • Make-up palette • Mirror • Sterilising solution • Brush cleanser • UV cabinet • Waste disposal • Eye make-up remover • Cleansing lotions, milks, creams, foams, oils and gels • Skin toners, fresheners, astringents and tonics • Moisturising products • Eye creams and gels • Serums • Pre-base products (mattifying, light reflective, anti-ageing) • Colour corrective products (lilac, green, orange) • Foundations (cream, liquid, mousse, gel, blocks, compacts, cakes, light reflecting, all-in-one, mineral, matt) • Concealers (cream, stick, liquid) • Face powders (loose, compact, mineral, light-reflecting, shimmer) • Bronzing products (powder, gel, liquid) • Shaders 		
--	--	--	--
