iUBT343 – Head massage

Research and identify how factors and process(es) may influence head massage, including:

- Basic structure and function of the skin
- Basic structure and functions of the bones of the neck and skull
- Basic functions of the muscles of the scalp and neck
- Length, density and degree of curl of the hair
- Sensitivity of the skin and scalp
- Adverse skin, scalp and hair condition
- Condition of the scalp, skin and hair

(This must include a minimum of 30 words per heading)

Show evidence of your research, e.g.:

- Magazines
- Books
- Written word
- Oral presentation
- Mood board
