
Marking Criteria

iUBT304 – Body art design

Once all aspects of the mandatory units have been completed, learners will be expected to complete an internal practical assessment. This will be undertaken by an internal assessor using the internal assessment forms. These must be handed to the external examiner on the day of the final external practical examination.

- Practical examination sequence – approximately 1 hour 30 minutes
- Consultation forms may be partially filled out prior to the examination
 - Make-up charts and design specifications/boards/research plans to be completed prior to the examination and made available to the examiner
 - The client's/model's skin should be pre-cleansed and appropriately prepared
 - Apply body art design on a pre-cleansed and appropriately prepared client/model – approximately 90 minutes
 - Check finished results with the client
- Oral questions may be asked at any time during the examination
- Consultation forms must be filled in by each learner and made available for the external examiner to check. These should be reviewed and completed at the end of the treatment and will be taken away by the examiner
- Learners will be expected to demonstrate excellent hygiene and client care throughout the examination as well as competence in their relevant skills
- The examiner may reduce the treatment timings, as the examination is a demonstration of the learner's professionalism and their accomplished techniques
