General Advice

1. Requirements for Undertaking this Qualification

It is recommended that Learners should have achieved a level of education equivalent to five GCSEs at grade A*-C or a Level 1 Diploma in Beauty Therapy prior to commencing the ITEC Level 2 Diploma for Beauty Specialists; however, exemptions may be made for adult returners with experience of the workplace.

A scheme of work must be approved by ITEC prior to the commencement of the course for all units

2. Structure of the Qualification, Guided Learning (GL), Total Qualification Time (TQT) and Credit Value

The ITEC Level 2 Diploma for Beauty Specialists is comprised of 11 mandatory units; Learners must also select optional units covering a minimum of 39 hours of Guided Learning (GL). A total of 482 hours of Guided Learning (GL) are required to achieve the full qualification

Guided Learning (GL) – 482

Guided Learning is 'the activity of a Learner in being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a Lecturer, Supervisor, Tutor or other appropriate provider of education or training'. This includes 'the activity of being assessed if the assessment takes place under the immediate guidance or supervision of a Lecturer, Supervisor, Tutor or other appropriate provider of education or training'

Total Qualification Time (TQT) – 552

Total Qualification Time is 'the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required in order for a Learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of the qualification'

Total Credit Value - 55

The total Credit Value for the qualification is equal to one tenth of the Total Qualification Time rounded to the nearest whole number

3. Delivery of the Qualification

Lecturers should aim to deliver the theory and practical of each unit simultaneously, i.e., both theory and practical of each unit should be taught together to ensure the underpinning knowledge is being delivered at the same time as the practical skills. This will help to ensure that Learners understand the structures they are working on as a result of combining delivery with the practical application of treatments

4. Assessment and Grading of the Qualification

Learner's results and Certificates will be issued by ITEC directly to the Centre. Learners should be notified that they need to collect their results and Certificates from their Centre

This qualification will be internally and externally assessed using the assessment of skills as set out in Table 1 and 2 below. Once all treatment evidence documentation, assignments and underpinning knowledge have been completed, the Learner will have a Final External Practical Examination carried out by the ITEC Examiner, who will also verify a sample of all treatment evidence documentation and assignments
