

ITEC Level 3 Diploma in Facial Electrical Treatments

QAN 100/2588/1

Lecturer Guidance Notes

General Advice

1. Requirements for Undertaking this Qualification

It is recommended that Learners should have achieved a level of education equivalent to five GCSEs at grade A*-C and must hold the ITEC Level 2 Diploma for Beauty Specialists or equivalent prior to commencing the ITEC Level 3 Diploma in Facial Electrical Treatments however, exemptions may be made for adult returners with experience of the workplace.

A scheme of work must be approved by ITEC prior to the commencement of the course

2. Structure of the Qualification, Guided Learning (GL) and Total Qualification Time (TQT)

The ITEC Level 3 Diploma in Facial Electrical Treatments is comprised of 1 mandatory unit with a total of 150 hours of Guided Learning (GL) to achieve the full qualification

Guided Learning (GL) – 250

Guided Learning is 'the activity of a Learner in being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a Lecturer, Supervisor, Tutor or other appropriate provider of education or training'. This includes 'the activity of being assessed if the assessment takes place under the immediate guidance or supervision of a Lecturer, Supervisor, Tutor or other appropriate provider of education or training'

Total Qualification Time (TQT) – 380

Total Qualification Time is 'the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required in order for a Learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of the qualification'

3. Delivery of the Qualification

Lecturers should aim to deliver the theory and practical of the unit simultaneously, i.e., both theory and practical of the unit should be taught together to ensure the underpinning knowledge is being delivered at the same time as the practical skills. This will help to ensure that Learners understand the structures they are working on as a result of combining delivery with the practical application of treatments

4. Assessment and Grading of the Qualification

Learner's results and Certificates will be issued by ITEC directly to the Centre. Learners should be notified that they need to collect their results and Certificates from their Centre

This qualification will be internally and externally assessed using the assessment of skills as set out in Table 1 below. Once all treatment evidence documentation and underpinning knowledge have been completed, the Learner will have a Final External Practical Examination carried out by the ITEC Examiner, who will also verify a sample of all treatment evidence documentation

Table 1

ITEC Unit Number	Mandatory Units	Assessment	Grading
13	Facial Electrical Treatments	Practical examination	Pass 60% - 74% Merit 75% - 89% Distinction 90% - 100%
		Evidence of 5 treatments	Pass or Refer
		50 MCQ - papers or online	Pass 60% - 74% Merit 75% - 89% Distinction 90% - 100%

Total Guided Learning (GL) - 250
Total Qualification Time (TQT) - 380

All assessment criteria and sample assessment materials for this qualification can be found [here](#)

5. Grading of the Qualification

All assessment tasks required for the unit of the qualification (detailed in Table 1 above) must be completed and awarded a Pass mark before the complete qualification can be certificated

The overall qualification is graded - Pass - 60% - 74%, Merit - 75% - 89%, Distinction – 90%-100%. This is formed by the aggregate of the multiple-choice questions and the Final Practical Assessment

6. Assessment of the Qualification

The ITEC Level 3 Diploma in Facial Electrical Treatments will be internally and externally assessed using a variety of assessment methods as set out in Table 1 above

Once the Learner has completed all the specified assessments for the qualification and has been awarded a Pass mark for all the evidence submitted, the Learner will have a Final External Practical Examination carried out by an ITEC Examiner, who will also verify a sample of all the Learner's evidence that they have completed during their training to ensure it meets the ITEC standard

Practical Examination Sequence

Once all aspects of the mandatory units have been completed, Learners will be expected to complete an internal practical assessment. This will be undertaken by the Internal Assessor using the Internal Assessment Forms. These must be handed to the ITEC External Examiner on the day of the Final External Practical Examination

- Learners will be expected to perform a Facial Electrical Treatment. The ITEC External Examiner will require each Learner to demonstrate the use of Galvanic and High Frequency and one other piece of electrical equipment chosen by the Examiner
- Practical Skills Examination sequence – approximately 1 hour:
 - Clients should be on the couch and ready for the treatment
 - Consultation to be carried out prior to the exam
 - Tactile and thermal sensitivity tests should be carried out and recorded prior to the exam (evidence to be shown to the Examiner)
 - Machines should be static and the Learner should move to the machine (if applicable)

- All Learners must demonstrate Galvanic and High Frequency plus one other machine
- c. Oral questions may be asked at any time during the Examination
 - d. Consultation Forms must be filled in by each Learner for each unit and made available for the ITEC External Examiner to check. These should be reviewed and completed at the end of the treatment and will be taken away by the Examiner
 - e. Learners will be expected to demonstrate excellent hygiene and client care throughout as well as competence in their relevant skills
 - f. The Examiner may reduce the treatment timings, as the examination is a demonstration of the Learner's professionalism and their accomplished technique
 - g. Approximate time allocated for changeover of practical examination groups – 15 minutes

Multiple-choice Tests

Each question is formatted in the same way:

- 1 stem (the question)
- 1 key (the correct answer)
- 3 distractors (incorrect answers)
- The Learner must indicate the answer they believe is correct by placing a mark in the appropriate box on the answer sheet

Multiple-choice tests are used for unit 13 - online testing of all relevant units is also available

Treatment Evidence/Portfolio of Evidence

Portfolio of evidence is required to be completed under the supervision of a Lecturer who must monitor the quality of the treatments performed throughout the Learner's training to ensure that they meet the ITEC criteria

- The criteria are detailed on the Treatment Evidence Guidance Forms. They are graded Pass or Refer
- The evidence is formed by a completed Consultation Form. This can be stored in the ITEC E-portfolio

7. Resources

The organisation delivering the qualification must provide a suitable environment for teaching the ITEC Level 3 Diploma in Facial Electrical Treatments as well as all equipment both fixed and free standing to complete all aspects of the qualification. Learners need to be made aware of the amount of consumables/towels they will be required to provide

8. Registration

Enrolments for the qualification and all units should be sent to ITEC together on the ITEC Enrolment Form – paper based or online

9. Opportunities for Progression

Once Learners have achieved the ITEC Level 3 Diploma in Facial Electrical Treatments they may progress on to other ITEC or equivalent qualifications at Level 3 and 4, for example:

- Level 3 Diploma in Body Treatments

- Level 3 Diploma in Epilation
- Level 4 Certificate in Advanced Skincare
- Level 4 Diploma in Spa and Salon Management
- Level 4 Certificate in Laser and Intense Pulsed Light Treatments
- Level 4 Certificate in Micro-pigmentation
