About this qualification

Aims and objectives

The main aim of the VTCT (ITEC) Level 2 Certificate in Eyebrow Treatments and Eyelash Enhancements is to enable learners to gain the necessary practical and theoretical skills in order to provide eyebrow and eyelash treatments to the general public and to gain employment in the industry. This qualification is suitable for learners aged 16 and over and is designed to provide occupational competence at level 2. It also provides a sound platform into further training at level 2 and 3.

Content

This qualification is for learners who want to work within the beauty industry. The qualification consists of 7 mandatory units with a total of 201 hours of Guided Learning (GL) to achieve the full qualification.

The main skills the learner will perform are:

- Consultation – to include using suitable consultation techniques, checking for contraindications, carrying out relevant tests and giving the client clear recommendations
- Eyelash and eyebrow treatments – to include selecting products, tools and equipment, adapting the treatments to suit the client's facial characteristics and specific requirements and giving aftercare advice
- Eyelash perming – to include selecting products, tools and equipment, completing the treatment to the satisfaction of the client and providing aftercare advice
- Applying individual permanent lashes – to include selecting products, tools and equipment, adapting the treatment to suit the client's facial characteristics and treatment needs and providing aftercare advice

The learner will also develop knowledge about related health and safety, client care and communication and how to promote and sell products and services to clients which is essential to work and be successful in the industry.

This qualification also provides:

- The related knowledge and understanding required to perform the eyebrow and eyelash treatments listed above as well as understanding the structures you are working over, in particular skin and hair and reasons that may affect whether a client should or should not be treated
- Opportunities for learners to focus on the development of their wider skills in a beauty therapy setting, such as communicating with clients, working with others and problem solving
- Opportunities for learners to develop a range of skills, techniques, personal qualities and attitudes essential for successful performance in employment as a beauty specialist in eyebrow and eyelash treatments

Opportunities for progression

Once learners have achieved the VTCT (ITEC) Level 2 Certificate in Eyebrow Treatments and Eyelash Enhancements they may progress on to other VTCT (ITEC) or equivalent qualifications at level 2 or 3 for example:

- Level 2 Certificate in Facial Skincare

- Level 2 Diploma for Beauty Specialists
- Level 2 Diploma in Beauty Therapy Treatments
- Level 3 Diploma in Beauty Therapy Treatments
- Level 3 Diploma in Beauty, Massage and Electrotherapy Treatments
- Level 3 Diploma in Fashion and Photographic Make-up

Opportunities for employment

There are opportunities for beauty specialists in eyebrow treatments and eyelash enhancements to find employment in a variety of areas:

- Beauty salons
- Department stores
- Hotels
- Own business

Relationship to National Occupational Standards

This qualification has mapped to National Occupational Standards where they exist and has ensured that best practice in the workplace has been reflected in the qualification. This qualification is linked to the relative job roles as well as ensuring that the qualification reflects the required level of knowledge and ability for the beauty specialists in eyebrow treatments and eyelash enhancements at level 2.

Guided Learning Hours (GLH)

Guided Learning Hours is 'the activity of a learner in being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training'. This includes 'the activity of being assessed if the assessment takes place under the immediate guidance or supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training'.

Total Qualification Time (TQT)

Total Qualification Time is the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required, in order for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of the qualification.

Assessment

All treatment evidence, performance evidence, assignments, internal assessments, and underpinning knowledge must be completed prior to the final practical examination.

The final external practical examination will be carried out by the external examiner at the end of the period of learning. The external examiner will also verify a sample of the treatment evidence, performance evidence, assignments and internal assessment.

Grading of the qualification

Learners must achieve a Pass grade or higher in the requisite number of units as specified in the rules of combination, see table 1 above. Only mandatory units which are graded Pass/Merit/Distinction will contribute to the overall grade.

Practical examinations and theory examinations will be graded Pass/Merit/Distinction.

Portfolio of evidence containing the following will be graded Pass/Fail:

- Treatment evidence
- Assignments

The overall qualification is graded Pass/Merit/Distinction.

Grade boundaries for units and the overall calculation for the qualification grade are open to annual review. Following this review, these boundaries and overall calculations can be adjusted by VTCT. This review and possible change within a qualification are to ensure the standard of the qualification grade is upheld throughout the qualification's lifecycle.

Theory examination

All theory tests must be conducted in a controlled environment and follow the procedures defined by VTCT (ITEC). The theory tests will be set and marked by VTCT (ITEC). The centre is responsible for ensuring the examination can operate seamlessly by organising the process as defined in the 'Instructions for Conducting Examinations' which can be found on the iTEC website.

Practical examination

Once all aspects of the mandatory units have been completed, learners will be expected to complete an internal mock practical assessment. This will be undertaken by the internal assessor/lecturer using the internal assessment forms. These must be handed to the external examiner on the day of the final external practical examination.

All practical assessments must be conducted in a controlled environment defined by VTCT (ITEC). The practical examination will be conducted by an external examiner; however, the centre is responsible for ensuring the examination can operate seamlessly by organising the process as defined in the 'Instructions for Conducting Examinations' which can be found on the iTEC website. The marking criteria and marking scheme can be found under the documents tab within the qualification.

Portfolio of evidence

Learners are required to provide a portfolio of evidence containing treatments and/or case studies that they have performed on clients during their training under the supervision of the lecturer who will monitor the quality of the treatments in order to ensure that they meet the criteria.

- The criteria are detailed on the treatment evidence guidance forms
- The learner will need to complete a client consultation form as evidence that they performed the required number of treatments during their training (see Table 2) as they form part of the internal assessment for the qualification. They can be stored in the learner's portfolio

Learners are required to provide assignments under the supervision of the lecturer who will monitor the quality of the assignments in order to ensure that they meet the criteria.

- The criteria are detailed on the assignment guidance forms and form part of the internal assessment for the qualification

Quality assurance

Delivery of the qualification

A scheme of work must be approved by VTCT (ITEC) for all units prior to the commencement of the course.

Lecturers should aim to deliver the theory and practical of each unit simultaneously, i.e., both theory and practical of each unit should be taught together to ensure the underpinning knowledge is being delivered at the same time as the practical skills. This will help to ensure that learners understand the structures they are working on as a result of combining delivery with the practical application of treatments.

Centre resources

The organisation delivering the qualification must provide a suitable environment for teaching the VTCT (ITEC) Level 2 Certificate in Eyebrow Treatments and Eyelash Enhancements as well as all equipment both fixed and free standing to complete all aspects of the qualification. Learners need to be made aware of the amount of consumables/towels they will be required to provide.

Achievement record

All units will require an Achievement Record to be completed by the lecturer for each learner. This achievement record will need to be kept by the centre and may be sampled by the external examiner or external quality assurer on their visit.

An Achievement Record for each unit can be downloaded from the iTEC website.
