Pre-treatment consent and treatment information

The skin rejuvenation using Intense Pulsed Light treatment is designed to rejuvenate and improve skin condition and appearance. During the treatment you may experience a mild stinging or a sensation similar to a rubber band snapping and there may be a smell of scorched skin/hair. This will fade following treatment, but you should tell your advanced aesthetic practitioner about the sensations you experience during treatment.

Immediately following treatment you may experience mild erythema (redness) for 1-2 days.

Your active involvement before, during and after the treatment will establish the treatment outcome. It is vital that you adhere to the pre-treatment skincare regime and homecare protocols as instructed by your advanced aesthetic practitioner.

Post-treatment instructions

In order to achieve the best results possible, it is important that you read and understand the following instructions. Your advanced aesthetic practitioner will discuss the required post-treatment protocols with you following treatment; these instructions must be adhered to as advised by your advanced aesthetic practitioner.

1. Your advanced aesthetic practitioner will advise you of the expected treatment recovery time and skin response
2. Avoid additional heat treatment such as saunas, steam rooms, sun beds for 48 hours as excess heat can lead to discomfort, inflammation and irritation
3. Immediately following treatment, it is essential that you apply a broad-spectrum physical sunscreen (minimum SPF30). This must be reapplied according to manufacturer's instructions
4. Avoid direct sun exposure for 48 hours following treatment
5. Avoid strenuous/excessive exercise for 24 hours to prevent overheating/increased blood circulation
6. Increase water intake to at least 2 litres per day
7. Avoid the use of glycolic acid, retinol, AHA/BHA products for at least 24-48 hours
8. Use post-treatment products as instructed by your advanced aesthetic practitioner
9. Your advanced aesthetic practitioner will advise you of ongoing treatment recommendations and suitable treatments which may be used in conjunction with intense pulsed light treatment

Additional information:

I accept the results of the treatment performed today and I understand and agree to adhere to the above instructions. I agree to contact my advanced aesthetic practitioner with any additional questions I may have.
